

WA BRANCH ACTIVITIES

Austal Ships

Members are invited to inspect the Austal Ship building facility at Henderson.

Austal commenced operations in 1988 with a vision to build high quality commercial vessels for the international market. By the companies 5th anniversary it had become the worlds leading manufacturer of 40 metre passenger catamarans.

Today Austal is the world's largest builder of fast ferries.

They also build patrol boats, custom vessels and in 2004 were awarded a final design contract for the US Navy's Littoral Combat Ship (LCS)

We are fortunate to be able to inspect this world class facility however numbers are limited and bookings are essential.

Date: Wednesday 26 May 2010
Time: 2.00pm
Location: Henderson
Bookings: Ring Ann or Mary on (08) 9478 1642

IAME TRAINING CENTRE FOR HIRE

The IAME Training Centre at 234A Epsom Ave, BELMONT (Next door to the State Office) is now available for hire to companies wishing to run training courses, meetings or industry functions. The building is 148 square metres with its own kitchen facilities and ample parking.

Inspection of the facility is invited. Please contact Lyle Barrett on (08) 9478 1642 or 0419 948 934 for rates and further information.

WA BRANCH ACTIVITIES

The IAME will be holding an informative night for Institute members with the Australian Refrigeration Council to assist in keeping up with appropriate guidelines and latest compliance standards.

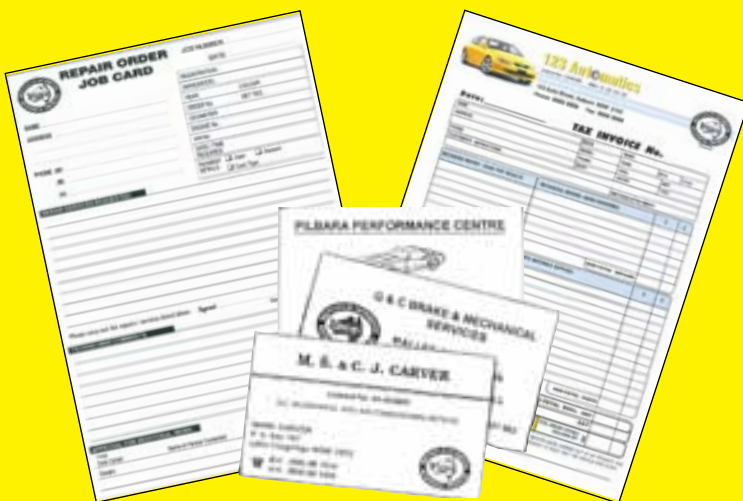

The Australian Refrigeration Council Ltd (ARC) administers refrigerant handling licences and refrigerant trading authorisations on behalf of the Australian Government. In a scheme to manage regulations under the Ozone Protection and Synthetic Greenhouse Gas Management Act (1989), the ARC ensures that the handling and purchase of fluorocarbon refrigerant is limited to those who have proven themselves competent and qualified.

ARC provides assistance to the refrigeration and air conditioning industry in complying with the laws that encompass refrigerant trading authorisations for purchasers and refrigerant handling licences for trade's persons

Date: Tuesday 15 June 2010
Time: 7.00pm to 9.00pm
Location: IAME, 234a Epsom Avenue, Belmont
Presenter: Geoff McDavitt and Kelvin Sharp
Bookings: Ann or Mary on (08) 9478 1642

PRINT PRODUCTS

The IAME have a wide range of stationery and printed products available for your business. **Contact the Perth Office on (08) 9476 1642 for more information.**

Air Conditioning Equipment Demonstration

Just getting into air conditioning service and repair?

Confused by the types of equipment available such as fully automatic machines or an individual reclaiming, vacuum pump, scales and gauges?

If you are a general repairer, a panel shop, a franchise or a dealership your target market is likely to be different and equipment needs may vary.

We will discuss the benefits of each method against the type of service you intend providing.

Our presenters will demonstrate the use of these types of equipment by evacuating and recharging a vehicle's air conditioning system.

A selection of new equipment will also be on display.

Date: Tuesday 22 June 2010

Time: 6.00pm to 8.00pm

Location: IAME Training Centre
234a Epsom Avenue,
Belmont

Bookings: Ann or Mary on 08 9478 1642
